About the 401(k) Plan

A 401(k) plan is a retirement savings plan designed to allow eligible employees to supplement any existing retirement and pension benefits by saving and investing through a voluntary salary contribution. Contributions and any earnings on contributions are tax-deferred until money is withdrawn.

Eligibility Requirements

To enroll in the Plan, employees must meet the following criteria:

- Age 18 or older
- Completed 6 month(s) of service

Eligible employees may enroll quarterly, January 1, April 1, July 1, October 1 of each year.

Please contact your Plan Administrator for information regarding excluded employees.

Enrollment

Once you are eligible to participate in the Plan, you will be automatically enrolled at a:

- Before Tax rate of 2%

Also, your contribution rate will automatically increase:

- Before Tax percentage of 1% annually until you reach:
- Before Tax percentage of 6%

Unless you select a different deferral amount or choose to opt out of the Automatic Enrollment during the 30 day wait period prior to your participation date. If your Plan allows, you may change your deferral amount or opt out via the web or by calling the Voice Response System.

Contribution Limits

Before Tax

In 2022, the Before Tax amount is between .01% and 75% of your compensation or \$20,500.00, whichever is less.

Participants turning age 50 or older in 2022, may contribute an additional \$6,500.00.

Roth

The Roth option will give you the flexibility to designate all or part of your 401(k) elective deferrals as Roth contributions.

Roth contributions are made with after-tax dollars, as opposed to the pre-tax dollars you contribute to a traditional 401(k). In other words, with the Roth option, you've already paid income taxes on money you contribute. With the traditional 401(k), your contribution is made on a pre-tax basis and you pay income taxes only when you take a distribution.
