2022-23 EMPLOYEE BENEFITS OVERVIEW

INTEGRUM
A D V I S O R S

Welcome to your Carter Myers Automotive benefits.

At Carter Myers Automotive, our associates and their families are our most important asset. We can't operate without our team, and that's why we provide a comprehensive package of flexible and affordable benefits. On top of a paycheck, these benefits offer you peace of mind and help you care for yourself and your family. This guide summarizes your benefit options with rates covering September 1, 2022 through August 31, 2023.

Insurance Benefits Eligibility

We provide insurance benefits to our associates who work 30 hours or more weekly, along with their lawful spouse and legal dependents up to age 26. These associates can participate in all benefit plans. The waiting period for benefits is the first of the month following 60 days of continuous full-time employment.

Open and New Hire Enrollment

Eligible associates can enroll for insurance benefits during two occasions: when newly hired as an associate, and during annual open enrollment. Below are descriptions of each of these periods:

- **New Hire** A newly hired associate is allowed to choose insurance benefit plans during the new hire process to begin on their eligibility date. Once a new hire has chosen plans, these benefits are in place for the remainder of the plan year unless there is a qualifying event (see below).
- **Open Enrollment** Once a year, the company offers an open enrollment period when associates may change their insurance benefits at their discretion. The open enrollment period occurs before the September effective date.

Qualifying Life Events

In addition to changes made during the open enrollment process, certain qualifying life events may allow a benefit change during the plan year. You must request the election change within 30 days of the life event.

The following qualifying life events are some status changes which will permit you to revoke an existing election and make a new election:

- Change in marital status including marriage, divorce, death of a spouse
- Change in number of dependents including birth, adoption, and placement for adoption or death of a dependent
- Change in employment status of the employee, spouse or dependent that causes the individual to become or cease to be eligible under the plan
- Change in dependent eligibility status including events that cause the dependent to gain or cease eligibility such as attainment of age 26 or employment

Important: If you do not make your changes within the 30 days of the qualifying event, you will lose the option to make the change and must wait until the next open enrollment period.

Medical Benefits

We understand how important it is for you and your family to have quality health care. That's why we provide you different plan options that offer comprehensive coverage. A quick overview of the plans is shown below. The full plan summaries can be found on Employee Navigator.

To support the overall health and wellness of our associates by discouraging the use of tobacco products, associates who have used any tobacco products (including but not limited to: cigarettes, cigars, cigarillos, pipes, chewing tobacco, snuff, dip, vaporizers, and loose tobacco smoked via pipe or hookah) in the last 60 days will pay a surcharge of \$58.50 per month for medical coverage.

Health Savings Account (HSA):

If you are enrolled in a High-Deductible Health HSA Plan, you may be able to contribute to a Health Savings Account. These tax-advantaged saving accounts, known as HSAs, have numerous benefits. They allow you to set aside pre-taxed money from every paycheck into an account to pay for qualified medical, dental, and vision costs incurred by you, your spouse, and your dependents.

Please note: The Internal Revenue Service will not allow you to have an HSA in certain situations. If you answer “Yes” to any of these questions, you may not contribute:

- Are you covered by another non-HSA qualified health plan, such as your spouse’s health insurance?
- Are you enrolled in Medicare (including Part A) or Tricare?
- Are you covered by your own or anyone else’s medical Flexible Spending Account (FSA)?
- Are you claimed as a dependent on someone else’s tax return?
- Are you receiving Veteran’s health benefits now or in the past 90 days for a non-service connected disability, disease, or injury?

Carter Myers will provide a dollar-for-dollar match up to \$25 per pay period to your HSA if you contribute the same amount or more to your HSA.

You can optimize your tax savings by contributing up to the maximum amount allowed by the IRS. Maximum contributions to your HSA allowed by the IRS are:

For 2022: Single Coverage: \$3,650
Family Coverage: \$7,300

For 2023: Single Coverage: \$3,850
Family Coverage: \$7,750

55 or older: additional \$1,000 annual catch up
